

How To Earn Free Bonuses in Social Sweepstakes Casinos

Social Casino Sign-Up Bonus

The sign-up bonus at sweepstakes casinos, exclusive to new players, typically includes a large amount of non-redeemable Gold Coins and some redeemable Sweeps Coins.

New account holders may need to enter a promo code to access this one-time offer.

Daily Login Bonus

A daily login bonus, smaller than a sign-up bonus, is available every day you log in within 24 hours and doesn't require a purchase. It can be a fixed amount or involve a luck wheel with various prizes.

This no deposit bonus is standard across sweepstakes casinos.

Refer-a-Friend Bonus

Many sweepstakes casinos offer referral bonuses for inviting friends. Players generate a referral link, and when a friend registers and meets the bonus requirements, the player receives a bonus.

However, there is often a limit on the number of invites a player can send.

Loyalty Programs and VIP Rewards

Crypto sweepstakes casinos reward long-term players with loyalty perks based on time, effort, and purchases. Higher tiers offer benefits like exclusive bonuses, dedicated account managers, and priority support.
