YOUR 24-HOUR BONUS SCHEDULE

Four windows. Hit each one
and nothing resets on you.

6-8 AM

MORNING

Start Strong

Open your Yay Casino account first thing and claim your **daily login bonus** the moment you wake. Make it a habit so you never miss free coins — and scan for time-sensitive morning-only promos while you're in.

12-2 PM

LUNCH BREAK

Quick Wins

Squeeze in 10–15 minutes to knock out **daily tasks** — e.g. spin slots 20 times to unlock a bonus offer. It's a few minutes for extra coins on top of your winnings. Check your mailbox before you log off.

6-8 PM

EVENING

Prime Time Play

The evening is a hotbed of promo activity. Log in and join **prime-time tournaments** with bigger coin pools to boost your winnings — and review limited-time events before they expire.

10 PM

NIGHT

Final Check

One last look before bed to grab any **last-minute bonuses** before they reset. Missed the day? A quick claim keeps your streak alive — then set tomorrow's goals, key if you're tracking VIP progress.

THE 4-STEP DAILY CHECKLIST

Run these every day to
compound your SC balance.

1 Log In

Daily logins are the backbone of bonus hunting — consistency guarantees your bonuses.

Why it matters: Miss one login and you lose that day's coins *and* your streak progress toward larger rewards.

2 Check Mail

Some platforms send hidden bonuses unannounced straight to your inbox — always look.

Why it matters: Inbox offers can carry time-sensitive SC boosts that are easy to miss on the main promo page.

3 Daily Tasks

Complete incentivized goals — spin slots 50 times, invite a friend — to inject bonus coins.

Why it matters: Small task rewards stack into a meaningful SC balance when you do them consistently.

4 Special Events

Act fast on limited-time offers — they disappear quickly, so claim them the moment you're interested.

Why it matters: Events have short claim windows and often beat standard daily promos on coin value.

SAME TIME, EVERY DAY.

Consistency compounds. Stick to the four windows and the four steps, and the coins take care of themselves.
